

APICS NoCo Education Course Registration Form

Please complete and submit your registration form here, sending it to apicsnoco@gmail.com. We'll arrange for payment processing separately.

Certification classes are offered publicly and privately.

Private classes are always a confirmed schedule and location. Public classes are scheduled by demand according to region. As we confirm your registration, we place you into our planned class roster by your preferred region;

- Metro Denver
- Broomfield/Boulder/Longmont
- Loveland/Ft Collins

Classes with insufficient enrollment are rescheduled to the next cycle. We usually start classes 3 times a year;

- January/February
- May/June
- September/October

We keep you apprised of class status regularly as changes are made.

Payment

Once we have a minimum to proceed with the class, we will notify you. We request **payment to be completed 4 weeks ahead of the class start** to allow time to order materials and provide advance assignments for the first class.

We accept credit/debit cards or checks or PO's. Terms are Due Upon Receipt.

Format

- Weekday classes are generally 3 hrs one evening per week, typically 5P to 8P for the duration. CPIM = 25 weeks, CSCP and CLTD = 13 weeks.
- Weekend classes are generally 8 hours on Saturdays allowing for 1 hour for lunch, running 8A-5P. CPIM = 9 weeks, CSCP and CLTD = 5 weeks.

What is Included?

Course registration includes the courseware APICS Learning System, access to the APICS e-learning back office with lots of practice resources and tests, APICS Dictionary, the primary reference textbook for CPIM, web based learning tool for Supply Chain Management - The Fresh Connection, one Exam Credit Voucher per module, (CPIM has 2) and instructor supplied materials. Membership is required for the certification programs purchased separately from APICS directly.

Course	Member	Nonmember, (mbr + 1 yr membership \$220)
CPIM	\$4770	\$4990
CPIM Part 1 only	\$2275	\$2495
CPIM Part 2 only	\$2495	\$2495
CSCP	\$3095	\$3315
CLTD	\$2975	\$3195

Location and Preparation

As a class is confirmed, we look for a company (from a class member) to provide meeting room space that is no cost to keep the course price low. We arrange for materials to ship to class participants and publish the location and assignment for the firsts class a couple of weeks before the start.

Send Completed Form to email below.

Name, as on Drivers License - Last, First		
APICS Member ID #		
Phone Contact, Wrk/Cell	w	c
Email Contact		
Shipping Address for class materials; Must NOT be a PO Box address.	Address - Number & Street Apt/Suite # City Colorado Zip Code	

Course Desired	CPIM Full \$4770	CPIM P1 \$2275	CPIM P2 \$2495	CSCP \$3095	CLTD \$2975	CLM \$3750	OSCM** \$295
- mark desired							
Is certification your primary objective, or just education?						Yes	Just Ed.
Course kits will be shipped direct. This has a \$25 charge for ground or \$45 charge for 2 day delivery if ordered late.							

Mark Your Preferences, 1 = primary choice, 2 = back up choice

APICS NoCo is an Approved Training Providers; <https://bit.ly/2sbyhRk>

****OSCM – Online Supply Chain Management** course. On demand self-paced entry level course, not a certification.

Program Descriptions

APICS - Certified Supply Chain Professional (CSCP)

This course is to help prepare professionals for the CSCP exam. It is designed as an advanced supply chain management certification for the practitioner working at management level, dealing with global sourcing challenges, international trade, transportation and logistics. CSCP is based on having APICS BOK, Body of Knowledge from CPIM certification. CSCP has a pre-requisite of;

- CPIM/CFPIM/CIRM/CLTD/CTL/CPSM/SCOR-P/C.P.M./CSM Certification OR
- Bachelor's degree or international equivalent & 2 years supply chain experience OR
- Five years supply chain experience

Included the CSCP Learning System is the CSCP Exam Content Manual, list of Key Terminology and practice exams as well as supplemental resources. One very important difference for our certification courses is The Fresh Connection, a web-based simulation tool we use to help learners experience the concepts using real examples with zero risk.

Candidates must submit their eligibility statement in order to schedule their exam at one of multiple testing centers throughout Colorado.

The \$3095 course is approximately 36 hours including;

- Module 1: Fundamentals of Supply Chain Management
- Module 2: Supply Chain Strategy, Design and Compliance
- Module 3: Implementation and Operations

What people are saying about our CSCP program;

“I cannot recommend the APICS CSCP program enough for all supply chain professionals. The program was particularly beneficial to me as my supply chain experience was limited to the maintenance / services back end of supply chain. This program provides a broad end to end view of supply chain from how to design a supply chain to best suit your company's competitive advantage to all of the detailed inter relationships in the Sales & Operations Planning model, to import / export, ISO and about anything you can think of supply chain related. I appreciated that the APICS CSCP program and the certification exam are not focused on regurgitation of facts but on the application of concepts and processes within the supply chain.

I particularly appreciated the APICS Northern Colorado CSCP course I just completed under Bob Forshay. Bob has such a wealth of knowledge and provided endless examples of how the course material applies in the real world. It was a pleasure to attend the class and gain not only Bob's insights but others in the class as well.”

Jim Remnant CSCP, MBA

APICS - Certified Production Inventory Management (CPIM)

This comprehensive course is to help prepare professionals for the CPIM exams. Designed in 2 parts, part 1 is the Basics of Supply Chain Management that runs approximately 30 hours followed by Part 2 going into a wide range of topics in more depth covered in approximately 40 hours. It is designed as the world's leading foundation on supply chain management for the practitioner managing strategies, tactics and operational decisions for a factory. CPIM is based on APICS BOK, Body of Knowledge for CPIM certification with 2 exams. The full CPIM is \$4770 and can be purchased in 2 parts.

- The APICS CPIM program takes an in-depth look at the production and inventory activities within the internal operations of a company and provides an in-depth view of competencies, including:
 - Materials management
 - Master scheduling
 - Production planning
 - Forecasting
 - Quality improvement
- The APICS CPIM program is divided into five process-oriented topic areas:
 - Basics of Supply Chain Management
 - Strategic Management of Resources
 - Master Planning of Resources
 - Detailed Scheduling and Planning
 - Execution and Control of Operations

What people are saying about our CPIM program;

"Bob Forshay is an excellent educator! His breath of knowledge relating to manufacturing is great. Bob is able to integrate his skills, knowledge as well as his industry experience. His training helped our team achieve vastly better control of our entire supply chain. Thanks Bob!"

Kate Kopelove, Sr. Buyer, Fresca Foods

APICS - Certified Logistics, Transportation & Distribution (CLTD)

This course is to help prepare professionals for the CLTD exam. It is designed as a comprehensive supply chain management certification for the transportation and distribution practitioner working at management level, dealing with global supply chain challenges, international trade, transportation and logistics. CLTD is based on having APICS BOK, Body of Knowledge and as with CSCP, the CLTD has a pre-requisite of;

- CPIM/CFPIM/CIRM/CLTD/CTL/CPSM/SCOR-P/C.P.M./CSM Certification OR
- Bachelor's degree or international equivalent OR
- Three years supply chain experience

CLTD course runs \$2975 including these Modules

- Logistics, Capacity Planning and Demand Management
- Order Management, Inventory and Warehouse Management
- Transportation and Global Logistics Considerations
- Logistics Network Design, Reverse Logistics and Sustainability

Contact Bob Forshay for more details, schedule updates or other education needs, topics or inquiries.
